

## Qualifications for Depot Scholars

1. Minimum Master's Degree in subject area

And/or

2. Minimum teaching affiliation or certification in subject area

And/or

3. National board certification in a subject area

- Potential scholars may request any subject area in which to review. However, their degrees and teaching/ teaching certification are reviewed toward ability to review the item for inclusion in a teaching database. All factors are considered when making this decision.
- If the Depot Editor considers a potential scholar to be qualified in a particular area, and that area is not indicated for review, the potential scholar will be contacted and asked if they would like to review in that area.
