

Kentucky's Digital Content Repository for P-20 Education

The Kentucky Learning Depot is the place for:

integration

- Access quality educational resources from Kentucky educators along with the best free courses, videos, lesson plans and open access textbooks on the web.
- Search for, select and add new content from inside your online course! The Depot integrates seamlessly with Blackboard, Moodle and ANGEL course management systems.

publication

- Add your best original resources to the Depot under Creative Commons copyright licensing.
- Track usage of your original resources with Depot reporting.
- Receive feedback from the Depot community in the form of comments and starred reviews of your content.

collaboration

- Join the learning community by contributing, commenting, evaluating or suggesting resources for the Depot's collection.
- Work with colleagues to create original content using the Depot's built-in collaboration tools.

want to give it a try?

- **Ask us about our new Contributor model. Contributing your own quality content can pay for your annual membership!**
- Free 30 day trial accounts are also available for all Kentucky educators.
